

## Bodecid System Cleaner

- | Cleaner with broad bactericidal and fungicidal efficacy
- | Good soil absorbing properties
- | Low-foaming

Bodecid System Cleaner is a highly effective detergent and consists of a bactericide and a fungicide as a part of an efficient cleaning formulation.

Apart from its enhanced soil absorbing properties, Bodecid System Cleaner provides excellent biocidal efficacy. This includes gram-positive and gram-negative bacteria, yeasts and moulds.

### Applications and dosage recommendations

#### For cleaning and sanitisation of:

Tubing/piping systems	1.0 - 2.0 % (depending on degree of pollution)
-----------------------	---

The cleaning and decontamination effect of Bodecid System Cleaner can be optimised by circulating/stirring the system and, at the same time, extending the contact time (6 - 24 hours).

### Product properties

Appearance:	clear to slightly cloudy, yellow liquid
Odour:	characteristic
pH-Value:	approx. 14
Density:	1.116 - 1.132 g/cm <sup>3</sup> (20 °C)

### Instructions on application

Usable in pH-range:	7 - 10
Use at temperatures up to:	40 °C
Solubility:	soluble in water and water-based systems

After the use of Bodecid System Cleaner all tubes/pipes should be flushed with water. Cleaning emulsions should be discharged and disposed under adherence to the regional official regulations.

### Active substances

3,3'-methylene-bis[5-methyloxazolidine] (MBO)

pyridine-2-thiol-1-oxide, sodiumsalt (NaPt)

## Classification and labelling

**Classification:**

C, Corrosive

**R-phrases:**

34 Causes burns

**S-phrases:**

26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice

28 After contact with skin, wash immediately with plenty of water

36/37/39 Wear suitable protective clothing, gloves and eye/face protection

25 kg (pail), 200 kg (drum), 1000 kg (IBC)

**Recommended storage conditions:**

Store only in the original container. Protect from heat, frost and direct sunlight.

**Shelf life:**

18 months from date of manufacture

## Transport

Bodecid System Cleaner is a hazardous substance according to transport regulations.

Use biocides safely. Always read the label and product information before use.

The recommendations regarding our products are based on scientific tests and are given in good faith. Recommendations going beyond these ( e.g. with regard to material compatibility ) are possible only in individual cases. Our recommendations do not constitute a guarantee. They do not relieve our customers of their obligation to carry out their own tests of our products for their suitability for the intended procedures and purposes. In that respect we cannot accept any liability. This is in accordance with our general conditions of supply and payment.
