

Eni i-Sint tech P 5W-30

Eni i-Sint tech P 5W-30 is an engine oil with top synthetic technology, developed for gasoline and diesel engines of Peugeot and Citroen in passenger cars and vans.

Characteristics (typical figures):

Eni i-Sint tech P 5W-30		Unit	5W-30	Test method
Kin. Viscosity	At 100°C	mm ² /s	10,1	ASTM D 445
	at -30°C	mPa.s	6400	ASTM D 5293
Viscosity index			175	ASTM D 2270
Density at 15°C		kg/m ³	846	ASTM D 4052
Flashpoint COC.		°C	228	ASTM D 92
Pourpoint		°C	-36	ASTM D 5950

Properties and Performance:

- Excellent wear protection and engine protection, also under extreme operational conditions.
- **Eni i-Sint tech P 5W-30** offers optimum cold start properties also at very low ambient temperatures and guarantees the best protection of all engine components.
- The good flowability ensures a fast oiling of the engine whereby the frictional resistances in the engine are reduced. This causes a proven fuel saving and reduction of the CO₂ emissions.
- The product is officially approved from PSA under the specification B71 2290 from 2019 (including Low Speed Pre-Ignition (LSPI) reduction).
- **Eni i-Sint tech P 5W-30** excels due to the very good compatibility with all types of exhaust gas aftertreatment systems and the protection of the catalytic converters due to low phosphorus content (Low SAPS).

Specifications and approvals:

ACEA C2
PSA B71 2290 (standard 2019)
