

APPLICATIONS

Eni Antifreeze Ready is a ready-to-use engine coolant based on ethylene glycol. It is amine, phosphate and nitrite free.

CUSTOMER ADVANTAGES

- The product protects all parts of cooling system from freezing, oxidation and overheating.
- It is suitable for use in automotive and industrial engine cooling systems and fire-fighting systems.

SPECIFICATIONS

- ASTM D 3306
- CUNA NC 956-16 (ed. '12)
- JIS K 2234:2006

CHARACTERISTICS

Properties	Method	Unit	Typical
Colour	-	-	turquoise
Density at 20°C	ASTM D 1122	kg/m ³	1077
pH	ASTM D 1287	-	8.3
Boiling point	ASTM D 1120	°C	110
Freezing point	ASTM D 1177	°C	-40

WARNINGS

- To obtain the best performance from this product, a mixture with other coolants is not advised.
- Please respect strictly the product specification requirements, reported by the vehicle manufacturer.

HANDLING INFORMATION

- The product is ready for use and does not need to be further diluted with water. A dilution will impair the performance of the product
