

Eni i-Sint tech P 0W-30

Eni i-Sint tech P 0W-30 is an engine oil with top synthetic technology, developed for gasoline and diesel engines of Peugeot and Citroen in passenger cars and vans.

Characteristics (typical figures):

Eni i-Sint tech P 0W-30	Unit	0W-30	Test method
Kin. Viscosity	at 40°C	55	ASTM D 445
	at 100°C	9,9	
	at -35°C	5950	ASTM D 5293
Viscosity index		165	ASTM D 2270
Density at 15°C	kg/m ³	845	ASTM D 4052
Flashpoint o. C.	°C	225	ASTM D 92
Pourpoint	°C	-48	ASTM D 97

Properties and Performance:

- Excellent wear protection and engine protection, also under extreme operational conditions.
- **Eni i-Sint tech P 0W-30** offers optimum cold start properties also at very low ambient temperatures and guarantees the best protection of all engine components.
- The good flowability ensures a fast oiling of the engine whereby the frictional resistances in the engine are reduced. This causes a proven fuel saving and reduction of the CO₂ emissions.
- **Eni i-Sint tech P 0W-30** excels due to the very good compatibility with all types of exhaust gas aftertreatment systems and the protection of the catalytic converters due to low phosphor content (Low SAPS).

Specifications and approvals:
